SUPPORT FROM KBC

AI INSIGHTS

- The learner feels safe during KBC learning sessions.
- Coach check-ins and the provider response are rated positively.
- Learner feels comfortable asking for help and belongs at the college.

RECOMMENDED ACTIONS

- Arrange a coach welfare check to review current needs.
- Update the learner support plan with any agreed actions.
- Signpost the learner to provider resources and follow-up support.

WHAT MATTERS NOW

Concerns:

- Possible domestic safety concern, review through same-day welfare contact.
- Possible coercion or pressure, consider same-day welfare contact.
- Financial vulnerability affecting wellbeing, discuss support options.
- Substance use impacting wellbeing and performance, follow up with coach.
- Experienced online harassment, consider safeguarding and practical safety advice.

Positives:

- Resilience and social support are strengths to build on in coaching.

DASHBOARD SUMMARY

Overall risk is Medium. The learner shows strong wellbeing, resilience and positive provider support. Immediate safeguarding red flags around coercion and domestic safety, plus financial vulnerability and substance use, require coordinated follow-up including same-day welfare contact where appropriate.

OVERALL WELLBEING

AI INSIGHTS

- The learner reports strong mental wellbeing and coping skills.
- Protective factors are high, including resilience and hope about the future.
- Motivation for the apprenticeship and social support are clear strengths.

RECOMMENDED ACTIONS

- Acknowledge these strengths during the next coach conversation.
- Continue routine wellbeing check-ins and light-touch monitoring.
- Encourage ongoing use of protective strategies and peer support.
